

# EV CHARGING

**A new Electric Vehicle Charge Point has been installed in the Car Park which is available for Staff, Fleet Vehicles, and Official Visitors use during normal working hours.**

**Clenergy Driver App:** The Clenergy EV Driver app enables any user to use the Clenergy charge point network (both in Welsh and English). Download the free Clenergy EV app from the Apple App or Google Play Store, or via a web browser by scanning the below QR code. You can either sign up or use a Guest check out.

**Locating the station ID:** To charge your vehicle you can either scan the QR code or Station ID number that is located on the EV charge point sticker.

**Register your charge:** After selecting the correct charging socket press 'Charge' on the app or web browser. Select your payment method and then select 'Confirm' to finish your payment.

**Charging your EV:** Plug in your cable into the chosen socket and the charging will start automatically. The charge will be displayed live on your App Screen. If needed, press 'Stop Charging' to abort charge. When the charge is finished an overview page will be displayed. Click 'Done' to finish and unplug your cable from the socket.

## CLEENERGY DRIVER APP

Download the Clenergy Driver App on the Apple App Store or Google Play Store.

Access the web browser version by scanning the QR Code or visit <https://clenergy.online/login>
